

AvanTec⁺ Strike

Iron & Contaminant Remover

Code: T02

Part of our AvanTec range of exterior cleaners, Strike is a **pH neutral, solvent-free** and **non-corrosive** powerful iron and contaminant remover which delivers instant results.

The formulation safely and quickly **removes brake dust, ferrous metal particles** and **stubborn residues** from all metal surfaces and paintwork without compromising the surface.

Strike has an **advanced, built-in, cherry red colour changing indicator** which is activated upon contact with contaminants. As it reacts, Strike releases an odour which shows it is working.

Dilution

Heavy Soiling:
Use Neat

Maintenance Clean:
Use at 50:50

Coverage

When applied neat with a foaming sprayer:
250 - 300m² coverage per 5 litre

When applied at 50:50 dilution with a foaming sprayer:
500 - 600m² coverage per 5 litre

Application Method

- + For best results, apply Strike neat.
- + Apply with a vehicle brush or window tool with a non-conductive handle.
- + Agitate with a white pad or vehicle brush.
- + Allow up to 5 minutes contact time. If it dries, reapply to the surface.
- + If using a vehicle brush, it is advised to remove excess Strike with a squeegee.
- + For optimal results, rinse with AvanTec Armour.
- + Rinse thoroughly with clean water.

Equipment & PPE

Health + Safety
